

**"WE MAKE A LIVING BY WHAT
WE GET, WE MAKE A LIFE BY
WHAT WE GIVE."
- WINSTON CHURCHILL**

CEO CORNER: Greetings ISI Team!

I have been with Innovative for just over six months now, and two things have impressed me the most. The first is our clients. We get to serve some interesting, kind, and fun people. I brag to my family and anyone who will listen about how important and honorable our jobs are! I hope you do as well. The second thing that impresses me is all of YOU, our team. In houses, in offices, and on-site, you all put in the work with humor and joy. You are approachable, easy to talk to, and down-to-earth. I've felt accepted and like I belong immediately. Thank you so much for welcoming everyone, and more importantly for the phenomenal work you do with our clients. They deserve the best we can give them.

Grateful for You events have continued for our team, families, and clients. We had a fun ice cream and bingo event here at the San Luis office recently. June 28 was our big Bay Beach celebration for you and your family to come and enjoy some fun and rides. Picnics begin in July around the state, and don't forget to sign you and your family up for free tickets for statewide county fairs too – ISI's treat. Aside from saying THANK YOU for all that you do, these events are a way we are showing you how thankful we are for your great work.

Keep it up, you know how awesome you are, and please reach out for any reason!

New Member of ISI Team!

Introducing Jesse Harris, our new Life Enrichment Specialist!

We are thrilled to welcome Jesse Harris to our team, where they will be bringing their passion for enhancing lives and creating memorable experiences to our ISI community. Stay tuned for an exciting array of activities and events designed to create lasting memories and enrich the lives of ISI members.

Jesse enjoys playing chess, grilling out, and being a dad! When asked what Jesse was most looking forward to about his new role, he said, "Creating lifelong memories for clients & staff and letting them know they are important."

ISI leadership Service Project:

The ISI leadership team recently rolled up their sleeves and joined with clients to help three outstanding programs plant flowers and veggies. Clients were very excited to help with watering and caring for the plants. Everyone worked together, shared laughter, and a sense of purpose. This collaborative effort fostered meaningful connections between the team members and program participants.

Chef Ace Champion visit with Libal!

Libal house and ISI Leadership Team had the pleasure of being visited by Chef Ace Champion, who brought healing music and culinary talents to create a memorable experience for all.

Chef Ace Champion created a soothing ambiance through his music that provided a sense of tranquility to all present. Clients and ISI leadership got the chance to participate in creating and dancing to music. Chef Ace Champion then cooked a delicious meal, while including all in the process and creation.

The clients at Libal enjoyed the therapeutic drumming with Chef Ace Champion so much that they now have their own drum!

Thank you to Chef Ace Champion, for sharing their culinary expertise and musical talent with our beloved Libal home and ISI leadership team.

Safety Tips - Home Health Care Safety & Security Controls

BY: Becca Hrdlicka

Appearance and Communication - Wear your name badge. If possible, have only your first name on your name badge to prevent an individual from gaining access to your full name.

Contact - Contact patients/clients in advance to alert them of the approximate time of your visit. Make your call from a business or public phone to avoid the potential of patients/clients being able to identify and trace your home or cell phone number.

Planning a visit - When planning a visit to a potentially dangerous area, ensure that you alert your office of when you leave for the visit, the approximate time of the visit and when you leave the patient's/client's home. Plan to make home visits in the morning - during daylight hours - in areas that present safety concerns.

Directions - Make sure that you have clear directions to the client's home. Internet mapping is useful to search for directions. If further clarification is needed, ask the client for clearer direction to the residence before leaving the office.

Do not carry a purse; instead use your pockets or a fanny-pack. Before leaving the office, lock your purse in the trunk of your car or cover it with a blanket so it will not be visible.

Bay Beach Event

Here are some wonderful snapshots from our recent company event at Bay Beach. Our staff and families came together for a day of fun and laughter.

We extend our gratitude for all who joined us for this incredible event. We hope these pictures show a delightful reminder of the strong sense of community within Innovative Services!
